GLOVES, NEOPRENE

Black, heavy-weight wrist length gloves are resistant to oils, acids, and alkali. Length: 12". Size large.

G-510 11.20/pr

HIGH TEMPERATURE GLOVES

Zetex high-temperature gloves (Asbestos-free). 14" length.

G-425 21.65/pr

CLAVIES® BIOHAZARD AUTOCLAVE GLOVES

Soft, pliant, all-cotton terry cloth Clavies® Gloves are excellent for handling hot objects out of the autoclave or oven. They are also excellent for use where other heat protection is needed.

Heat resistant up to 232°C (450°F), they replace hazardous asbestos gloves. Gauntlets in two lengths provide wrist and forearm protection, and the bright orange color offers high visibility.

Machine wash, tumble dry.

Gauntlet Length	NCL #	Price/pair
5"	GB-132A	24.75
11"	GB-132B	33.90

PVC COATED GLOVE, SHOULDER-LENGTH

Black gloves are ideal for municipal sewer operations. Smooth glove has an attached PVC coated sleeve featuring 31" of overall coverage (shoulder-to-fingertip protection).

G-550 34.90/pair

GLOVE LINERS

UltraFIT full-finger, nylon glove liners are washable and form fitting with seamless fingertips for multiple use. They are great for keeping hands warm when working in frozen/refrigerated areas. Their ultra-thin fabric allows for optimum dexterity and sense of touch. UltraFIT liners are durable and help prevent the occlusion of skin. 12 per pack, 144 per case.

- * Form-fitting design and seamless fingertips
- * Non-linting and washable; designed for multiple use
- * Great for keeping hands warm when working in frozen/refrigerated areas
- * Optimum dexterity and sense of touch
- * Skin-tight fit and ultra-thin fabric
- * Provide excellent protection from irritation and help prevent occlusion of the skin
