

GREASE TRAP SAMPLER

For checking grease and oils in holding tanks. Larger diameter (1^{3/8}" ID) allows small particles to pass through valve opening during sample collection. Clear tubing is easy to see through and red markers show amount of grease accumulated in tank. Will not work with solid or semi-hardened materials. Comprised of two 4-foot sections.

Description	NCL #	Price/ea
Grease Trap Sampler	SG-908	129.50
Top Section	SG-908A	64.25
Middle Section (for use as an extension)	SG-908B	65.00
Bottom Section	SG-908C	85.75

SLUDGE JUDGE

Measures settleable solids in sewage tanks. Provides accurate retrieval of materials to indicate levels. Equipped with a float valve which closes when unit is raised, retaining the entire sample. Three 5 foot sections (3/4" ID) screw together to make a 15' long clear plastic pipe marked in 1' increments. Can be extended to 20' by adding an additional middle section.

S-900 **77.65/ea**

REPLACEMENT SECTIONS/ACCESSORIES FOR NASCO SLUDGE JUDGE ONLY

Description	NCL #	Price/ea
Top (with rope)	S-900A	28.15
Middle	S-900B	28.35
Bottom (with valve)	S-900C	38.95
Cleaning Brush	S-900E	20.15

CARRYING CASE FOR SLUDGE JUDGES

Will accommodate up to 4 sections of any of the three Sludge Judges and a cleaning brush.

S-900D **29.50/ea**

SLUDGE JUDGE II

Same as the Sludge Judge, except 1¹/₄" OD.

SJ-902

111.80/ea

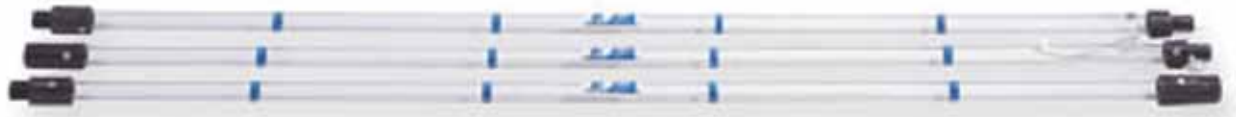

REPLACEMENT SECTIONS/ACCESSORIES FOR NASCO SLUDGE JUDGE II ONLY

Description	NCL #	Price/ea
Top (with rope)	SJ-902A	30.05
Middle	SJ-902B	42.45
Bottom (with valve)	SJ-902C	48.30
Cleaning Brush	SJ-902D	26.65

SLUDGE JUDGE ULTRA

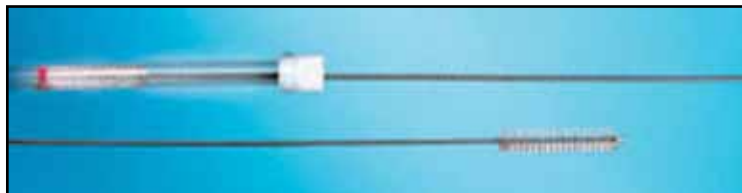

Same as the Sludge Judge, except it is made of extremely strong polycarbonate and it is treated with a UV stabilizer to help reduce deterioration from the sun's harmful rays. Durable in cold temperatures.
³/₄" ID.

SJ-901 103.35/ea

REPLACEMENT SECTIONS/ACCESSORIES FOR NASCO SLUDGE JUDGE ULTRA ONLY

Description	NCL #	Price/ea
Top (with rope)	SJ-901A	36.20
Middle	SJ-901B	35.45
Bottom (with valve)	SJ-901C	50.70
Cleaning Brush	S-900E	20.15

For easy cleaning of the Sludge Judge, this 6 ft. spiral brush is designed for a snug fit. Simply slide the brush in and out using a mild detergent and water.

CORETAKER CORE SAMPLER

- ◆ Floating foam handle
- ◆ Heavy-duty clear polycarbonate tube
- ◆ Quick disconnect coupler
- ◆ Hydro-lock check valve
- ◆ Marked in one foot increments
- ◆ 8 ft sections
- ◆ Outside diameter is 1¹/₄ in.
- ◆ Available in 16 or 24 ft lengths

Length (ft)	NCL #	Price/ea
16	CR-104	98.00
24	CR-124	138.00

SLUDGE LEVEL DETECTOR

- ✓ Solid state, infrared electronic operation
- ✓ Senses solids concentration gradient in sludge blanket
- ✓ Audio-visual LED indicators
- ✓ Sensitivity adjustment
- ✓ Rugged, weather-resistant case
- ✓ Portable: battery operated: six AA-cells (included)
- ✓ Wall storage mount
- ✓ Cable stowage strap
- ✓ One year warranty

Cable Length	NCL #	Price/ea
20 feet	SD-220	788.75
30 feet	SD-230	797.05

Replacement cables with sensor
